## 29<sup>TH</sup> ANNUAL EDUCATION AND RESEARCH AGENDA CONFERENCE LEADERSHIP IN EDUCATION (ACCRAC)

Mar 23-25, 2023 • Sheraton Hotel, 500 Canal Street, New Orleans, Louisiana

### Overview of Schedule of Events *(Schedule subject to change)*

Registration & Continental Breakfast at Napoleon Reg 3<sup>rd</sup> FI

Poster Hall and Receptions held in Napoleon CD 3<sup>rd</sup> FI

Friday Plenary & Lunch and Saturday Lunch held in Napoleon AB 3<sup>rd</sup> FI

### Thursday, Mar 23

- 7:30am-1:30pm ACC Board of Directors Meeting Gallier AB 4<sup>th</sup> FI
- 8:30am-5:00pm ACC Work Group Meetings *(ACC members only)*
- 1:30pm-4:00pm Poster Hall Set-up Napoleon CD 3<sup>rd</sup> FI
- 1:30pm-2:30pm Joint Working Group Meeting *(ACC members only)* Borgne 3<sup>rd</sup> FI  
*CCE Proposed Standards Update with Dr. Craig Little, EdD, President CCE*
- 2:00pm-7:00pm Registration Open Napoleon Reg 3<sup>rd</sup> FI
- 2:30pm-5:00pm Nutritional Research Review hosted by  Maurepas 3<sup>rd</sup> FI
- 5:30pm-7:00pm Welcome Reception in Poster Hall Napoleon CD 3<sup>rd</sup> FI

### Friday, Mar 24

- 7:00am-7:00pm Registration Open Napoleon Foyer 3<sup>rd</sup> FI
- 7:00am-8:00am Continental Breakfast Napoleon Foyer 3<sup>rd</sup> FI
- 8:00am-8:15am Welcome and Introduction to ACCRAC Napoleon AB 3<sup>rd</sup> FI
- 8:15am-9:00am Leaders' Panel Discussion

## **Looking Ahead: Trends, Transformation and Training in Chiropractic Education**

with Dr. Ron Oberstein, President, Life West & ACC Chair, Dr. David Wickes, President, CMCC, & ACC Vice Chair, Dr. Mike Mestan, President Northeast College & ACC Secty/Treasurer, Dr. Bill Morgan, President, Parker University, & Dr. Deb Bushway, President NHSU & ACC Board Members, *moderated by Dr. Bart Green, JCE Editor*

*ACC leaders representing a broad range of programs will provide well-informed insights on critical trends facing chiropractic education. Attendees will hear thought leaders discuss curriculum transformation, community- vs. campus-based education, interprofessional education, and return on investment for chiropractic graduates. This is a session applicable to anyone in chiropractic education and not to be missed!*

9:00am-10:00am

Keynote Presentation sponsored by  **NCMIC**

### **Rethinking What You Know: Embracing Curiosity and Empowering Change**

with [Chick Herbert, Strategic Leader, Executive Coach, Independent Consultant, and co-author](#) of [It Begs the Question- Learn how the best managers drive performance through Question-Centric Coaching](#)

*Attendees will learn about the importance of rethinking what they know and why it's crucial for personal growth and long-term organizational success. You will discover how embracing curiosity and questioning your assumptions can lead to new perspectives and breakthroughs in your thinking. You will hear inspiring stories of individuals who challenged their beliefs and embraced change, leading to remarkable results. Chick will provide practical strategies for incorporating a growth mindset and embracing lifelong learning, while also addressing the common challenges and fears that come with change.*

10:00am-10:30am

Morning Break

10:30am-12:00pm

Scientific Presentations (see pgs. 5-13) [CEU approval pending](#)

- **Chiropractic Research: Increasing our understanding of Basic Principles through Chiropractic and Spinal Research** *moderated by Ilija Arar* Nottoway 4<sup>th</sup> FI
- **Health Research: Expanding the View of Health: Applications of Chiropractic to Improve Patient and Population Health** *moderated by Jonathan Egan & Martha Kaeser* Oak Alley 4<sup>th</sup> FI

12:00pm-1:30pm

Lunch sponsored by  **NCMIC**

1:30pm-3:00pm

Keynote Presentation and Breakout Napoleon AB 3<sup>rd</sup> FI

### **Cultivating a Culture of Inclusion and Belonging** [CEU approval pending](#)

with [CJ Gross, TEDx Speaker and Founder of Ascension Worldwide](#), a firm dedicated to Diversity, Equity and Inclusivity training and consulting based in Washington DC.

*Attendees will learn inclusive leadership skills that impact relationships, mitigate groupthink, and foster inclusion and belonging in the workplace and the classroom. This session uses proven practices such as Bridging and Bonding to create an atmosphere that welcomes all viewpoints. You'll come away with tools and techniques to use with their colleagues, peers, staff, and students.*

3:00pm-4:00pm

Poster Presentations and Afternoon Break Napoleon CD 3<sup>rd</sup> FI

4:00pm-5:30pm

Scientific Presentations (see pgs. 5-13) [CEU approval pending](#)

- **Chiropractic Research (cont'd)** Nottoway 4<sup>th</sup> FI
- **Health Research (cont'd)** Oak Alley 4<sup>th</sup> FI

5:30pm-7:00pm

Poster Presentation & Research Reception Napoleon CD 3<sup>rd</sup> FI

# Saturday Mar 25

- 7:30am-2:00pm Registration/Information Desk Napoleon Foyer 3<sup>rd</sup> Fl
- 7:30am-8:30am Continental Breakfast Napoleon Foyer 3<sup>rd</sup> Fl
- 8:30am-10:00am Scientific Presentations (see pgs. 5-13) [CEU approval pending](#)
- **Best Practices in Education: Preparing the Future Chiropractic Workforce** moderated by John Mrozek and Stuart Kinsinger Nottoway 4<sup>th</sup> Fl
  - **Integration, Whole Health, and Improving Patient Care: Chiropractic Applications** moderated by Celia Maguire and Stephanie Sullivan Oak Alley 4<sup>th</sup> Fl
  - **Improving Patient Care: Insights from Clinical Case Reports** moderated by Kelly Brinkman and Clinton Daniels Borgne 3<sup>rd</sup> Fl
- 10:00am-10:30am Morning Break
- 10:30am-12:00pm Scientific Presentations (see pgs. 5-13) [CEU approval pending](#)
- **Best Practices in Education (cont'd)** Nottoway 4<sup>th</sup> Fl
  - **Integration, Whole Health, and Improving Patient Care (cont'd)** Oak Alley 4<sup>th</sup> Fl
  - **Improving Patient Care: Insights from Clinical Case Reports (cont'd)** Borgne 3<sup>rd</sup> Fl
- 12:00pm-1:30pm Lunch sponsored by  FOOT LEVELERS
- NBCE Research Awards
- 1:30pm-3:00pm Concurrent Workshops ([CEU approval pending](#))
- Building Chiropractic Education Research Capacity: 2023 Research Agenda Update**
- with Bart Green, John Mrozek, and Stacie Salsbury Nottoway 4<sup>th</sup> Fl
- Attendees will get an update on chiropractic education publications, information on how faculty can expand their scholarship and research capacity and learn how to prepare and submit an education descriptive report for publication.*
- Business Education for Chiropractors: Part 1: Building a Foundation**
- with Brian Gleberzon, Ayla Azad, and Michael Ciolfi Oak Alley 4<sup>th</sup> Fl
- Attendees will identify what is currently taught at chiropractic programs with respect to business education; (ii) identify specific gaps in business education offered to chiropractic students and (ii) develop content to address these gaps, starting with foundational principles and concepts.*
- Optimizing Safety During Hands-on Laboratory Experience**
- with David Starmer, Christine Bradaric-Baus, and Scott Dunham Borgne 3<sup>rd</sup> Fl
- Attendees will explore common challenges experienced by faculty and students in the training of doctors of chiropractic during hands on applied clinical laboratory settings. We will uncover strategies to manage power differentials, conflict, and divergent cultural perspectives and provide an inclusive and safe teaching and learning environment.*
- 1:30pm-3:00pm Poster Hall Breakdown
- 3:00pm ACCRAC ends

<b>8:30am-10:00am Best Practices in Education: Preparing the Future Chiropractic Workforce</b>	<b>8:30am-10:00am Integration, Whole Health, and Improving Patient Care: Chiropractic Applications</b>
<b>Moderators: John Mrozek, Stuart Kinsinger</b>	<b>Moderators: Celia Maguire, Stephanie Sullivan</b>
<p><b>The COVID-19 pandemic faculty stress: Are we all burnt out?</b> <i>Christine Major, Kara Burnham, Suzanne Lady</i></p> <p><b>COVID-19 related curricular changes and their impact on National Board of Chiropractic Examiners part I scores: A cohort study comparing classroom vs remote basic science instruction</b> <i>Brian Anderson, Dustin Derby, Robert Percuoco</i></p> <p><b>Classroom recordings: Utilization and influence on course performance</b> <i>Amberly Ferguson, Lia Nightingale</i></p> <p><b>Survey of depression and anxiety attributes of chiropractic college students</b> <i>John Ward, Jesse Coats</i></p> <p><b>Exam item degree of difficulty in a physiopathology course is correlated with National Board of Chiropractic Examiners performance in pathology</b> <i>Ilija Arar, Jeanmarie Burke, Patricia Merkle, Deborah Hall</i></p> <p><b>Comparison of mistakes on multiple-choice question and fill-in-the-blank: A retrospective analysis</b> <i>Xiaohua He</i></p> <p><b>Contrast bias impact on report of finding assessment grades during the transition between sequential clinic courses</b> <i>Michael Sheppard, John Ward</i></p>	<p><b>Assessing referral patterns to on-station chiropractic clinics within the Veterans Health Administration</b> <i>Sarah Graham, Anna Sites, Xiwen Zhao, Anthony Lisi</i></p> <p><b>Correlation between self-report measures of function and lower limb motor performance in patients with and without imaging evidence of unilateral lumbar nerve root compression</b> <i>Shelley Sargent, Geoff Gelley, Steven Passmore</i></p> <p><b>Assessing downstream healthcare utilization for low back pain among chiropractic users versus non-users in the Veterans Health Administration</b> <i>Kelsey Corcoran, Brian Coleman, Xiwen Zhao, Lori Bastian, Cynthia Brandt, Anthony Lisi</i></p> <p><b>Describing congruence between ICD-10 coding and medical record text in Veterans Health Administration chiropractic notes</b> <i>Nikhil Sharma, Sarah Graham, Anna Sites, Brian Coleman, Anthony Lisi</i></p> <p><b>Short-term risk of low back pain flares within 24 hours following spinal manipulation: A subgroup analysis of a case-crossover within a cohort study</b> <i>Carina Staab, Clinton Daniels, Andrew Timmons, Adrienne Tanus, Anna Korpak, Sean Rundell, Pradeep Suri</i></p> <p><b>Assessing quality indicators and guideline-concordance in chiropractic low back pain visits in the Veterans Health Administration</b> <i>Ryan Muller, Sarah Graham, Anna Sites, Kelsey Corcoran, Anthony Lisi</i></p>
<b>10:30am-12:00pm Best Practices in Education: Preparing the Future Chiropractic Workforce (continued)</b>	<b>10:30am-12:00pm Integration, Whole Health, and Improving Patient Care: Chiropractic Applications (continued)</b>
<p><b>How does test format affect the students' performance and their long-term retention of knowledge</b> <i>Niu Zhang, James La Rose, Megan Franklin</i></p> <p><b>Observation of contrast bias through analysis of the relationship between clinic adjusting exit exam score and overall student graduating GPA</b> <i>Michael Sheppard, John Ward</i></p> <p><b>Discomfort during chiropractic manipulation: A survey of chiropractic students' perceptions of comfort during various manipulative procedures</b> <i>Simon Wang, Emily Montag, Sheilah Hogg-Johnson</i></p>	<p><b>The effect of evidence-based triage versus usual medical management on low back pain patient outcomes and trajectories in a tertiary care setting</b> <i>Janny Mathieu, Julie O'Shaughnessy, Claude-Edouard Chatillon, Cesar Hinciapie, Petra Schweinhardt, Marie Beausejour, Charles Tettreau, Martin Descarreaux, Andre-Anne Marchand</i></p> <p><b>A systematic review of chiropractic high-velocity, low-amplitude sham protocols used in research</b> <i>Margaret Sliwka, Stephanie Sullivan</i></p> <p><b>Attitudes toward patient-centeredness among Canadian chiropractors</b></p>

**Saturday March 25, 2023**

**Bridging the gap between biomedical and biopsychosocial models in chiropractic teaching clinics: A series of targeted educational interventions**

*Kristin Miller, Patrick Boylan, Norman Kettner, Katherine Pohlman*

**Clinical research screening of chiropractic patients at a teaching clinic**

*Zakary Monier, Katie Pohlman*

**Baseline evaluation of diversity, equity, and inclusion notion in the students at a Doctor of Chiropractic program: A cross sectional survey**

*Anjum Odhwani, Pradip Sarkar*

**Assessment of back pain behaviors, attitudes, and beliefs of chiropractors after a biopsychosocial educational workshop**

*Alec Schielke, Clinton Daniels, Katherine Pohlman, Jordan Gliedt*

*Kent Stuber, Silvano Mior, Gina Dolan, Mark Langweiler, Peter McCarth*

**Systematic review of virtual spinal examination component reliability and validity**

*Frank Bucki, Victoria Bensei, Brittney Walters, Clarice Wallert*

**A cluster analysis of practitioner responses to a survey on the chiropractic care of children**

*Joel Alcantara, Andrew Whetten, Joey Alcantara*

**Initiating the Keele STarT back screening tool in a chiropractic academic clinic**

*Austin Parker, Bryce Derry, Gary Tam, Katherine Pohlman, Christopher A Malaya*

**Saturday March 25, 2023**

**8:30am-10:00am Improving Patient Care: Insights from Clinical Case Reports**

**Moderators: Kelly Brinkman, Clinton Daniels**

**A case of primary Ewing sarcoma of the clavicle**

*Whitney Fuqua, Whitney Graff, Lauren Tollefson*

**Spindle cell sarcoma of bone: A rare bone sarcoma presenting in a rare age group**

*Aidan O'Brien, Jessica Billham, Ashley Vogt, Norman Kettner*

**Rare mosaic trisomy 17 in a preadolescent female: Clinical presentation and management of symptoms**

*Allison Harvey, Erika Evans Roland, Jessica Billham*

**Ultrasound of intermittent medial meniscal dislocation: A case study**

*Joshua Wells, Chin-Suk (John) Cho*

**Neurogenic heterotopic ossification following spinal cord injury: A case report**

*Macy Randolph, Dingbo Shi, Patricia Estrada, Norman Kettner*

**Imaging findings in a case of spontaneous resolution of syringomyelia**

*Gannon Brochin, Angelica Miller, Lauren Tollefson*

...

**Evaluation and management of congenital spinal stenosis and complex spinal injuries in a circus artist: A case study**

*Guinevere Bennett, Tim Gooding*

**Magnetic resonance spectroscopy displays the structural and biochemical effects of spinal manipulative therapy in lumbar discogenic pain: A case report**

*Jessica Billham, Erika Evans, Francine Schranck, Kelly Brinkman, Matthew Gornett, Jim Cox, Norman Kettner*

**Practical application of the biopsychosocial model of care**

*Timothy Whiting*

**A multifactorial approach to management of myofascial restriction: A case report**

**Saturday March 25, 2023**

**Mandy Wong, Isaac O'Gara, Heather Meeks, Nathan Hinkeldey**

...

**Degenerative cervical myelopathy discovered in patient referred to va chiropractic clinic for lower back pain: A case report**

**Tyler Barton, Derek Golley, Jonathan Danner, Andrew Dunn**

**Chiropractic management of a US Veteran with spine pain and concurrent brachial monomelic amyotrophy (Hirayama disease): A case report**

**Kevin Meyer, Morgan Price, Sarah Page, Clinton Daniels**

**Diagnosis and management of Saturday night palsy in a chiropractic teaching clinic: A case report**

**Patrick Boylan, Jessica Billham**

**Chiropractic management of a 29-year-old male with foot drop: A case study**

**Jesse Hodges, Misty Lagasse**

**Treatment of a patient with cervicogenic related vertigo: A case report**

**Thomas Bloink, Charles Blum**

...

**10:30am-12:00pm Improving Patient Care: Insights from Clinical Case Reports (continued)**

**Diagnosis and referral of emergent arterial occlusion in a 64-year-old lifelong smoking male Veteran: Considerations for increased awareness in public health screenings**

**Annie Babikian, David Paris**

**Diagnosis of acute middle cerebral infarct with atypical presentation in a patient with cervical vascular compromise**

**Kyle Klinginsmith, Alec Schielke, Robert Walsh, Robert Butler**

**Chiropractic impact on neural patterns, dysmetria, and quality of life in post-rehabilitation stroke patients: 2 case reports**

**NiAmber Harris, Emily Drake, Margaret Sliwka, Stephanie Sullivan**

**A case report of a patient with bilateral shoulder pain secondary to statin-induced myopathy**

**Patrick Battaglia, Macy Randolph**

**When hip pain is septic: A case report**

**Casey Mullen, Kelsey Lewis**

...

**Gamifying rehabilitation: A case report in a young male following reconstruction surgery for atraumatic sternoclavicular joint dislocation**

**Samuel Schut, Kara Shannon**

**Extension endurance loading for lumbar spinal stenosis: A case report**

**Kevin Percuoco, Michalla Dunaj-Compo, Harold Olson**

**The beneficial effects of laser IV therapy (photobiomodulation) on grade I-III pressure wounds in a chronic quadriplegic patient**

**Patricia Estrada, Norman Kettner, Dan Underkofler-Mercer**

**Rapid resolution of chronic lumbar stenosis symptoms using an exercise-based approach: A case study**

**Eleni Metrou, Nathan Hinkeldey, Heather Meeks, Mandy Wong**

**Conservative treatment for Achilles enthesopathy/plantar fasciitis**

**Baldomero Nunez**

...

**Multidisciplinary management of osteochondritis dissecans of bilateral knees in an 11-year-old competitive gymnast**

**Philip Afghani, Melissa Ferranti, Trevor Shaw**

Saturday March 25, 2023

**Fully integrated chiropractic and occupational therapy co-management of a patient with chronic pain and carpal tunnel syndrome**

*Bernadette Sheffield, Patrick Battaglia*

**Coordination of care between a primary care physician and a chiropractic resident for the management of meralgia paresthetica: A case report**

*Braden Sims, Christopher Arick, Eric Kirk*

**Chiropractic management of a Veteran with post-coflex interlaminar stabilization spine pain: A case report**

*Jane Joyce, Gina Bonavito-Larragoite*

**The role of the chiropractor in triage and self-efficacy: A case report**

*Ian Le, Nathan Hinkeldey, Heather Meeks, Gina Percuoco*

## POSTER PRESENTATIONS

Friday March 24, 2023 3:00pm-4:00pm and Friday March 24, 2023 5:30pm-7:00pm

Moderators: Bic Bakkum, Cindy Chapman

**Best Practices in Education: Preparing the Future Chiropractic Workforce**

**Best practice approach to improve LGBTQ/gender and sexual identity-related competencies within the Doctor of Chiropractic program: A narrative review**

*Steve Agocs, Jon Wilson, Mark Pfefer*

**Force-time profiles associated with drop-assisted spinal manipulation**

*Steve Agocs, Jon Wilson, Tiara Schmidt, Mark Pfefer,*

**Illness scripts: A tool for teaching clinical reasoning in a chiropractic curriculum**

*Kelly Brinkman*

**Creation and administration of a chiropractic program student safety preparticipation procedure**

*Michelle Chambers-Lewis, Beth Carleo, Jason Qualls*

**Unintended outcomes of conducting research in an academic radiology practice**

*Emma Forlow, Ian McLean, Kira Baca, Robert Vining,*

**The future of teaching chiropractic technique: Lessons learned from 27 years in the trenches**

*Brian Gleberzon*

**Chiropractic graduates' perceptions of university health clinic versus community clinic educational experience**

*Navine Haworth, Louise Horstmanshof, Keri Moore*

**Trends in publications in the Journal of Chiropractic Education: World regions, academic affiliations, and study types**

*Claire Johnson, Bart Green*

**Global growth of chiropractic degree granting programs: a mapping study of the past 125 years to predict the number of programs in 2055**

*Claire Johnson, Bart Green*

**The use of a Venn diagram in defining professionalism**

*Stuart Kinsinger*

**Evolution of our clinical internship experience management system**

*Christopher Petrie, Christopher Smoley, Katie BurnsRyan*

**Research aspirations, interests, and skills exploratory ad-hoc committee (RAISE): Reflections on a developmental process**

*Stacie Salisbury, Lia Nightingale, Kira Baca, Brian Anderson,*

**Faculty research and scholarship at chiropractic colleges: Content analysis of ACC-RAC abstracts**

Friday March 24, 2023 3:00pm-4:00pm and Friday March 24, 2023 5:30pm-7:00pm

Moderators: Bic Bakkum, Cindy Chapman

*Patrik Schneider, Meredith Meyers, Michael VanNatta, Lia Nightingale, Kira Baca, Breanne Wells, Alex Margrave, Stacie Salsbury*

**Regulatory challenges of establishing a profession-led chiropractic college in a university dominant environment**

*Patrick Sim, Kym Davis, Billy Chow*

**Professional challenges of establishing a profession-led chiropractic college in a university dominant environment**

*Patrick Sim, Kym Davis, Billy Chow*

**Promoting professionalism in lab exams: Lessons learned from a preclinical OSCE held during COVID**

*Jodell Skaufel*

**Creating a responsive clinical internship remediation process**

*Christopher Smoley, Christopher Petrie, Katie BurnsRyan*

**The benefits of using digital assessment and data collection in a practical skills lab environment**

*Christie Weibel-Maanum*

**Survey of attitudes towards interprofessional education and practice**

*Anna-Marie Ziegler, Jason Napuli, Matthew Knieper, Ross Mattox,*

### **Increasing Our Understanding of Basic Principles through Chiropractic and Spinal Research**

**The chiropractic care of women in the perinatal period: A cluster analysis to detect similarities and differences among chiropractor responders**

*Joel Alcantara, Andrew Whetten*

**Adverse childhood experiences and trauma informed care: A review for chiropractors**

*Kira Baca, Stacie Salsbury, Robert Vining*

**Association between ideology, beliefs, and practice patterns of United States chiropractors: a secondary analysis of a national survey**

*Zachary Cupler, Jordan Gliedt, Stephen Perle, Aaron Puhl, Michael Schneider*

**Seasonal infectious disease patient reported outcome**

*Heather Garrison, Stephanie Sullivan, Shawn Neff*

**Prototyping a long-COVID study within a practice-based setting, testing procedural steps, outcome measures, and patient response to care**

*Lydia Knutson, Stephanie Sullivan, Fred Langenegger, Jennifer Massa, Emily Drake, Kate Hayes, Martha Herbert,*

**Providers' experience with artificial intelligence-based hand hygiene monitoring system during the COVID-19 pandemic: A rural medical center study**

*Joe Lintz*

**Identification of barriers and facilitators to establish an interdisciplinary, inclusive, student-focused infant feeding clinic in a US chiropractic teaching clinic**

*Katherine Pohlman, Amy Miller*

**Systematic review of guideline-recommended medications prescribed for treatment of lumbosacral radiculopathy**

*Morgan Price, Kaelyn Mead, Alyssa Troutner, Tyler Barton, Sheryl Walters, Clinton Daniels*

**Evidence-supported proposal for improved documentation of SDoH-related "Z codes" within the chiropractic patient record**

*Krista Ward, Donna Odierna, Monica Smith*

### **Expanding the View of Health : Applications of Chiropractic to Improve Patient and Population Health**

**An investigation of patient weekly visits among chiropractors attending to pregnant patients in a practice-based research network**

Friday March 24, 2023 3:00pm-4:00pm and Friday March 24, 2023 5:30pm-7:00pm

Moderators: Bic Bakkum, Cindy Chapman

*Joel Alcantara, Andrew Whetten*

**Chiropractic care combined with a novel hemp oil nutritional supplement improve quality-of-life and the body's natural inflammation response**

*Carolina Carlisle, Kristine Polley, Kara Credle, Brandon Metzger, Sara LeBrun-Blashka, Keri Barron*

**Motor variability in athletes: The effect of skill level**

*Emile Marineau, Janny Mathieu, Julien Ducas, Martin Descarreaux, Jacques Abboud*

**Effectiveness and mechanisms of over-the-counter topical pain relievers: An umbrella review**

*Stuart McInstosh, Mark Pfefer, Tyrone Tate*

**The literature on treatment approaches utilized in the management of low back pain in the continent of Africa: A scoping review**

*Hiwot Melka, Raheleh Khorsan, James Whedon, Scott Haldeman, Robb Russell*

**Current approaches to understanding discogenic pain: A narrative review encompassing pathoanatomy and innovative imaging techniques**

*Aidan O'Brien, Stacey Cornelson, Norman Kettner*

**Diagnosis and management of lumbar compartment syndrome: A review**

*Katherine Reckelhoff, Mark Pfefer, William Owens, Sanam Bezanson*

**Chronic exertional compartment syndrome: An umbrella review**

*Steven Reece, Mark Pfefer, Stuart McIntosh, William Owens, Diane Bartholomew, Sanam Bezanson*

**Nutritional intake and bone health: An umbrella review**

*Angie Segovia, Mark Pfefer, Ethan Couch, Llanet Sanchez, Emanuel Ajayi*

**How do chiropractors explain spinal manipulation to patients: A descriptive literature review**

*Alexander Sundin, Matthew Thronson, Michele Maiers*

**P300 amplitude as a biomarker for concussions in student athletes: A review of the literature**

*Krista Ward, Monica Smith*

### **Improving Patient Care: Insights from Clinical Case Reports**

**Characterizing interspinous excursion with diagnostic ultrasonography in 2 cases of degenerative spondylolisthesis with intersegmental hypermobility: A novel case report**

*Jessica Billham, Jesse Politowski, Erika Evans, Dingbo Shi, Norman Kettner*

**Treatment of a patient with cervicogenic and craniocervical related tinnitus: A case report**

*Thomas Bloink, Charles Blum*

**Successful co-management of a patient with C7/8 nerve dysfunction scheduled for surgery: A case report**

*Charles Blum*

**Asymmetrical lumbar facets complicating a diversified high-velocity, low-amplitude lumbar side posture adjustment: A case report**

*Charles Blum*

**Resolution of hearing loss in 4-year-old male following chiropractic care: A case report**

*Callyn Dittmar, Barbara Mansholt*

**Anatomical variation of the cervical sympathetic trunk: A case report**

*Yuan Gao, Jessica Billham, Norman Kettner*

**Chiropractic management of acute low back pain in a US Veteran with unilateral transtibial amputation: A case report**

*Lily Ho, Tyler Barton, Clinton Daniels*

**Friday March 24, 2023 3:00pm-4:00pm and Friday March 24, 2023 5:30pm-7:00pm**

**Moderators: Bic Bakkum, Cindy Chapman**

**Collaborative healthcare system benefits enhancing patient outcomes and satisfaction: A case report for a patient with neck pain and cervical radiculopathy**

*Kendal Hoard, Chris Arick*

**Management of lumbar disc herniation in a 56-year-old male utilizing Cox technic distraction manipulation**

*Edward Johnnie*

**Case study: EEG P300 evoked response potential reported at pre, post, and 3.5 months following concussion in a chiropractic student athlete**

*Dale Johnson, Krista Ward, Monica Smith*

**Chiropractic manipulative treatment to improve lower extremity function in elderly patient: A case study**

*Amy Koch*

**Stress fracture of the first rib in an 18-year-old baseball player: A case study**

*Misty Lagasse, Yahaira Roman*

**Diagnosis and management of progressive neurological deficits in a young male patient presenting for evaluation by a chiropractor within a Federally Qualified Health Center**

*Kelsey Lewis, Jordan Mackner*

**Chiropractic treatment of bilateral meralgia paresthetica: A case report**

*Christopher Roecker, Sachien Hewawasam, Matthew Skalski*

**Chronic low back pain management in a patient with advancing testicular cancer**

*Christopher Roecker*

**Chiropractic treatment of a 67-year-old Veteran with chronic low back pain utilizing cox technic flexion-distraction**

*Casey Rogers, Charles Elchert, Madeleine Hackney*

**Ultrasonography for diagnosis of distal biceps tendinosis: A case report**
